DETAILED ACTION

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The last paragraph of the Reissue Declaration filed September 24, 2002 fails to comply with 37 CFR 1.63 because it failed to state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to **patentability** as defined in § 1.56 as required by 37 CFR 1.63(b)(3). To cure this defect, applicant may use Form PTO/SB/51 available online at www.USPTO.gov.

In this application the declaration lacks a proper acknowledgment of applicants' duty of disclosure. The declaration duty of disclosure language does not comply with 37 CFR 1.63 because it currently reads: "I/We hereby claim benefit under Title 35, United States Code § 120 of any United States application(s) listed below, and, insofar as the subject matter of each of the claims in this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code § 112, I/we acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, § 1.56(a) which occurred between the filing date of the prior application and this filing of this application.

Because the declaration is defective, claims 1,2 and 4-13 are rejected under 35 U.S.C. 251
